Portfolio: www.aaron-bushman.com/

Creative, big picture thinking and fast learning Full Stack Web Developer with a wide array of technical and creative abilities greatly suited to building exceptional dynamic web experiences. I have a certification in Full Stack Web Development, BA in Art History and over a decade in management with the Sherwin-Williams Company.

Technical Skills

Languages and Proficiencies: JavaScript, JQuery, React, Nodejs, MySQL, MongoDB, Handlebars, HTML, CSS, Express, Cheerio, Bootstrap, Axios

Programs: Visual Studio Code, GitBash, Robo3T, GIMP

Core Concepts: Proficient in the MERN Stack

Projects

Rare Album Clicker | github.com/aaronbushman/clicky-game | master.duyqisq3xghv6.amplifyapp.com/

- A fun React based memory game where the objective is to not click the same album cover twice which are randomly displayed each time an album is clicked.
- React, JSX, CSS, HTML, JavaScript

Virginia Soul Archive | github.com/aaronbushman/vasoularchive | vasoularchive.org (not yet live)

- An ongoing personal project of love archiving the grossly under researched and undocumented history of soul, funk and r&b music from the commonwealth of Virginia spanning the late 1950s to the 1980s. A lot of this history is out there in the minds of a small number of serious record collectors. This website makes this information available to a wider audience of interested fans and researchers.
- A MERN stacked web archive in the process of being hosted to AWS. Archive currently being built from a web upload form with a goal of being publicly accessible by the end of 2019.

Giphy Button Generator | github.com/aaronbushman/giphy_button | aaronbushman.github.io/giphy_button/

- An app that generates random gif images based on the subject of the clicked button from an api call to the Giphy servers. Users are able to create their own buttons.
- JavaScript, jQuery, Axios, Bootstrap, HTML

Experience

Store Manager 2008 – 2019

The Sherwin Williams Company, Richmond, VA

Managing the ins and outs of a larger volume store and working directly with important commercial clients to build relationships and assist in meeting their needs.

- Multiple company wide “Masters” awards for management excellence and sales gains significantly above budget.

Education

Certification in Full Stack Web Development: University of Richmond School of Professional and Continuing Studies, Richmond, VA

BA in Art History: Virginia Commonwealth University, Richmond, VA
