Portfolio: www.aaron-bushman.com/

Creative, big picture thinking and fast learning Full Stack Web Developer with a wide array of technical and creative abilities specifically suited to building exceptional dynamic web experiences. I have a certification in Full Stack Web Development, BA in Art History and over a decade in management with the Sherwin-Williams Company.

Technical Skills

Languages and Proficiencies: JavaScript, JQuery, React, Nodejs, MySQL, MongoDB, Handlebars, HTML, CSS, Express, Cheerio, Bootstrap, Axios

Programs: Visual Studio Code, GitBash, Robo3T, GIMP

Core Concepts: Proficient in the MERN Stack

Projects

Rare Album Clicker | github.com/aaronbushman/clicky-game | master.duyqisq3xghv6.amplifyapp.com/

- A fun React based memory game where the objective is to not click the same album cover twice as the game becomes progressively more challenging.
- React, JSX, CSS, HTML, JavaScript

Virginia Soul Archive | www.vasoularchive.com

- An ongoing personal project addressing the grossly under researched and undocumented history of soul, funk and r&b music from the Commonwealth of Virginia spanning the late 1950s to the 1980s. Serious record collectors share a significant amount of oral history regarding this genre. The goal of this web based research project is to archive and share this history with a wider audience including collectors and academic researchers.
- A MERN stacked web archive that is continuously being built and added to from a private web upload form.

Giphy Button Generator | github.com/aaronbushman/giphy_button | aaronbushman.github.io/giphy_button/

- An app that generates random gif images based on the subject of the clicked button from an api call to the Giphy servers. Users are able to create their own buttons.
- JavaScript, jQuery, Axios, Bootstrap, HTML

Experience

Store Manager 2008 – 2019

The Sherwin Williams Company, Richmond, VA

Managed a larger volume store working directly with important commercial clients to build relationships and to assist in meeting their needs.

- Multiple company wide “Masters” awards for management excellence and sales gains significantly above budget.

Education

2019 Certification in Full Stack Web Development: University of Richmond School of Professional and Continuing Studies, Richmond, VA

2007 BA in Art History: Virginia Commonwealth University, Richmond, VA
